Sub:- Business Reform Action Plan, 2017 - Not Applicable (N/A) thereof.

Sir,

I am directed to inform you that the Department of Industrial Policy & Promotion (DIPP), Ministry of Commerce and Industry, Government of India has recommended some points under the Business Reform Action Plan, 2017 for implementing in the State of Tripura by the Factories & Boilers Organisation.

The State, Tripura is situated in such a place in the N. E. Region where no suitable transportation system is there with the mainland of the country for which big industries with boilers are not established here, except 2-3 power generation plants, hence, registration of new Boiler is less than 10(ten) per year. Moreover, no Boiler Manufacturing Unit is established in the State till date. Simultaneously, no application for recognition of Boiler Manufacturer and Boiler Erector is received by the Factories & Boilers Organisation. The following information are furnished in support of above :-

Sl.	Particulars	2016	2017 (till date)
1	Registration of new Boiler (including power boilers).	01	Nil
2	Application received for registration of Boiler Manufacturer.	Nil	Nil
3	Application received for registration of Boiler Erector.	Nil	Nil

Considering all, provision of online facility for submission of application to the Factories & Boilers Organisation including e-payment, tracking & monitoring, verification, download of final approval certificates etc. for some areas under the Boilers Act, 1923 & Regulations in the context of Business Reform Action Plan, 2017 is **Not Applicable (N/A)** in the State of Tripura as per guideline IX of Department of Industrial Policy & Promotion (DIPP). Comprehensive list of required documents, Procedures & mandated Timelines are available in the Departmental website www.factory.tripura.gov.in for information to the citizen.

Under the situation as elaborated above, I am further directed to request you to kindly consider the same, so that the Factories & Boilers Organisation, Govt. of Tripura may receive **N/A** in respect of 9(nine) points. Details of the points, areas & recommendations under BRAP, 2017 are given in separate sheets with justifications to receive **'Not Applicable'**.
